HELP FOR BUSINESS

Business Help and Advice

The Council's Regeneration Service is keen to help local businesses, start-ups, and businesses looking to relocate to the area. Linking together council services and working with external partners we can assist you to find the right support for your enterprise.

We work with Welsh Government, Business Wales, and local enterprise agencies to help Powys businesses to grow. If you need assistance with business premises, skills, recruitment, and routes to funding we are only too happy to help.

Premises

- **Powys workshop space ...**

The council has a substantial portfolio of property, land and sites to suit many business and individual needs. Details are available on the council's website.

- **Farm estates ...**

With 144 holdings and 11,400 acres of land, our Farms Estate is the largest of its kind in Wales and the fifth largest in the UK. We keep the Farms Estate to give people the chance to set up and develop farm-based businesses in rural areas.

Stay up to date

- **Keep in touch with Powys Business News....**

Stay up to date with the latest news about support available for Powys businesses. You can subscribe to our free monthly Business Events News or follow us on social media through Facebook, Twitter, and Youtube.

- **Powys Business Events**

We organise business networking events twice a year at six locations across the county. It's a great opportunity to meet other businesses and also meet support organisations that can help your business.

Funding support

- **Powys Town Centre Loan Scheme ...**

The loans are available for a wide range of projects in Llandrindod Wells, Newtown and Brecon – from brownfield site development to returning empty business/residential units back into use. The key aim of the scheme is to reduce the number of vacant, underutilised and redundant sites and premises within the Town Centre.

The interest free loans are available to residential and commercial property owners, repayable within five years.

- **Community Grants ...**

We support social and community development at the heart of the community. Voluntary groups and organisations must demonstrate that they are properly constituted and sustainable.

Recruitment and skills

- **Workways Plus Powys ...**

Workways+ Powys is a new initiative to help people aged 54 and older (not on JSA or working) to find work, set up in business, volunteering or training.
