About the Growing Mid Wales Partnership

The Growing Mid Wales Partnership is a strong regional partnership comprising of representative bodies from across the private, public and voluntary sector in mid Wales, and was established early in 2015.

The Partnership seeks to

- Achieve more and better economic outcomes across the region by working in partnership.
- Lead the region's collaborative approach to economic development.
- Agree priorities for jobs and economic growth in the region.
- Provide a strong voice for the almost entirely rural regional economy in mid Wales.
